(cc) robives.com

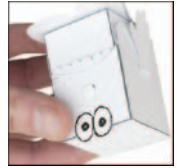

Models and Projects:
And, the most exciting part of Membership is that you can download any, or all, of the very latest models from the Show Case and all the new models in the blog.

Mechanisms:
Pure paper engineering mechanisms from the very heart of my models ready for you to download and make.

Prototypes:
Early stage designs to download so that you can take part in the development of new models, try things out, and be part of the development process.

robives.com is the home of paper animations by paper artist Rob Ives.
Membership of robives.com gives you free access to all the models in the ShowCase as well as the benefits listed below.
Hours of fun for the crafty and curious.
